**eurotech**  
a raynor group company  
sit smarter.®

# business | swar

THE WHITE-COLLAR WARRIORS, CUBICLE CRUSADERS, and office proletariat occupy the trenches—all in the name of commerce.

They stare down spreadsheets, conquer conference calls and deal deftly with deadlines.

Such daily rigors command the support of an ally...

The Right Chair.

Eurotech chairs impart every business titan with ergonomic comfort and fluid movement, alleviating stress and energizing its occupant over the course of even the most grueling workweek. Not only is it a steadfast companion, it's a stylish, handsome one at that. Every Eurotech chair's sleek, inventive design is worthy of any workspace, office or boardroom. When laptops are fired up and meetings are kicked off, a Eurotech chair is a welcome respite for the gladiators of goods and services.

# our promise

They say with age comes wisdom. And, while we've learned a lot since we sold our first office chair in 1979, we knew even then, that superior craftsmanship and design are essential ingredients in delivering real value for our customers. Thirty years later, those three simple pillars still stand behind our promise of exceptional seating with every chair we sell.

## design

Beautiful design motivates and inspires. Isn't that what you want your workspace to do? Some of the industry's most talented designers work meticulously to ensure that Eurotech chairs provide ergonomic performance and visual artistry.

## craftsmanship

We don't cut corners. Every Eurotech chair is painstakingly crafted using the best textiles, materials and cutting edge technologies. The result is high-performance seating that delivers seamless functionality and comfort that always works overtime.

## value

The lowest price is not always the best value. Every chair in our comprehensive collection offers a unique balance of price, quality and beauty. We like to say our chairs are the perfect marriage of form, function and frugality. This, combined with our unmatched customer service, make Eurotech chairs the best value in the market.

COLLECTION ONE

# premium

SOMETIMES STYLE AND IMAGE ARE JUST AS important as comfort. When it is, we have the chair for you. With a curated selection that delivers exceptional design paired with best-in-class support, our premium collection also earns accolades for poise and panache.

The Frasso, featured here, is a popular choice for boardrooms. See page 24 for details.

# the future is iOO

## cutting edge meets proven technology

If chairs were living, breathing animals, subject to the same ruthless laws of natural selection other creatures are, the iOO would represent a pinnacle of evolution — a sleek, powerful product of generations of development and refinement, and an obsession with perfection. It is adjustable, yet effortlessly simple. All of its controls have been integrated into a single mechanism. The iOO adapts, overcomes and excels.

## DESIGNERPROFILE

# neilwu

Internationally recognized industrial designer Neil Wu is the creator of the Ergoelite and Ergohuman, iOO, Concept 2.0 and Nuvem chairs. Neil has an unparalleled attention to detail and unbridled enthusiasm for cutting edge design. His innovative flair has produced quality office chairs with sleek, sharp designs.

“I'M A VERY PRACTICAL DESIGNER. I let market needs guide my design. If you make a chair that works well, it will inherently look good.”

### concept 2.0

The Concept 2.0 is truly a ground-breaking chair. It features Neil's innovative design for the world's first single lever adjustment mechanism, providing an unprecedented union of simplicity and functionality.

COLLECTIONTWO

# professional

IT'S A CHALLENGE TO ACHIEVE THE IDEAL balance between appearance and performance. Between getting the job done, and looking great while you do it. Say hello to our professional collection. Focused on results, but never ready to compromise on execution.

The Curv, featured here, is a tour de force of design and simplicity. See page 34 for details.

# curv

Clean lines and balanced proportions are dramatically punctuated by the curved seat back, providing additional lumbar support so that you sit comfortably for lengthy periods of time. The Curv's waterfall seat design alleviates pressure and allows for good blood flow, a combination making for a more productive day.

Red Dot Design Award Recipient

## DESIGNERPROFILE

# karimrashid

Karim Rashid is an internationally celebrated industrial designer and interior architect. His work includes luxury goods, furniture, lighting, surface design, brand identity and packaging. *Time* magazine has described him as the "most famous industrial designer in all the Americas."

"I WANTED THE CHAKRA TO WORK AS HARD AS I DO. I designed it to deliver uncompromising quality, to always delight and never disappoint. It achieves this effortlessly."

## chakra

The Chakra features a unique zoomorphic structure that is light and airy yet extremely comfortable. This innovative chair focuses on the body's energy centers, cushioning the chakras and leaving the rest of the body free of tension.

fg/r  
Karim Group  
Mar. 2007.

# lume

An elegant mesh checkerboard pattern makes the Lume an obvious choice for any office space that knows how to get down to business. The variety of ergonomic features this chair provides deliver comfort and support throughout the workday.

A man with dark hair, wearing a brown sweater over a light-colored collared shirt, is seated at a dark desk. He is looking down at a laptop computer, with his hands on the keyboard. The desk also has some papers on it. In the background, there is a large window and a woman with long dark hair, seen from the back, sitting at another desk. The office has a modern, industrial feel with exposed brick walls.

COLLECTION **THREE**

# classic

THE DIFFERENCE BETWEEN A WORK HORSE and a thoroughbred? You purchase the thoroughbred to impress and delight. You buy a work horse because you need to get things done. But, it's still a beautiful animal. Classic seating from Eurotech wins the value race every time.

The versatile Tetra and the Dakota guest chair featured here enhance any workspace with their timeless beauty and design. See pages 59 and 62 for details.

We call it C.O.M. – Customer's Own Material. It's your fabric, on our chairs.

Any chair in the entire Fabrix® program can be upholstered with your supplied material for a truly custom look. Please reference the C.O.M. yardage listed for each chair. All C.O.M. chairs are Grade 1 pricing.

Please note that C.O.M. fabrics are not tested by Eurotech for CAL117 or other performance standards.

# features and options

**CENTER OR SWIVEL-TILT**  
Chair tilts from a point under the center of the seat allowing user to rock back and forth. Tension adjustable.

**KNEE-TILT**  
Chair tilts from a point close to the front of seat, allowing user to tilt while feet remain rested on floor.

**SYNCHRO-TILT**  
Back reclines in a preset ratio to seat.

**TILT TENSION CONTROL**  
Recline rate adapts to weight of user.

**TILT LOCK**  
Locks out tilt function.

**SEAT DEPTH ADJUSTMENT**  
Adjusts seat depth relative to back.

**SEAT ANGLE ADJUSTMENT**  
Seat angle will lock in any position from front to back.

**SEAT HEIGHT ADJUSTMENT**  
Sets seat height to desired position relative to floor.

**FORWARD SEAT TILT**  
Changes angle of seat to enable proper ergonomic posture while using computer keyboard.

**WATERFALL SEAT**  
Front of cushion slopes to reduce pressure on the back of the knees.

**BACK ANGLE ADJUSTMENT**  
Sets back angle for personalized comfort in reclined position.

**BACK HEIGHT ADJUSTMENT**  
Raise or lower to support the lumbar (lower back) region.

**RATCHET BACK HEIGHT ADJUSTMENT**  
Backrest easily adjusts up or down relative to seat for personalized lumbar region support and comfort.

**ARM HEIGHT ADJUSTMENT**  
Adjusts arm up or down for proper ergonomic positioning while seated.

**WIDTH ADJUSTABLE ARMS**  
Adjusts arms in or out for proper ergonomic positioning.

**ARM DEPTH ADJUSTMENT**  
Arm pads slide forward or backward for proper ergonomic positioning.

**SWIVEL ARM**  
Arm pads angle in or out for proper ergonomic positioning.

## CASTERS

Soft wheel casters are used to slow down chair movement on uncarpeted surfaces.

## ADJUSTABLE ARMRESTS

Height and width adjustable arm kit with push button height adjustment.

## MEMORY FOAM ARM PADS

**2-tone soft wheel casters**

**2T-CAS**

**\$65**

**soft dual wheel casters**

**CAS-SF01**

**\$59**

**for models OSS400**

**PU22**

**\$94**

**MFPAD**

**\$83**

# ■ greenguard

All Eurotech products have been certified by GREENGUARD as meeting the Indoor Air Quality pollutant guidelines and standards. The GREENGUARD Environmental Institute is an industry-independent, non-profit organization that oversees the GREENGUARD Certification Program (SM), which certifies indoor products based on strict chemical emissions criteria. Products are tested and verified to meet the stringent GREENGUARD Indoor Air Quality Certified designation. GREENGUARD Certification provides third-party assurance that products have been tested for potentially harmful chemical emissions, and found to meet allowable levels established by recognized public health authorities. For more information visit [www.greenguard.org](http://www.greenguard.org).

# 24-hour quick ship policy

Seating solutions must be available quickly and reliably. Eurotech guarantees to stay ahead of your needs by maintaining an inventory of over 25,000 chairs.

We ship orders within 24 business hours providing the customer is cleared for credit approval, orders are received during normal business hours of 9 a.m. – 5 p.m. EST Monday – Friday, and chairs are in stock at time of order.

Non-shipment due to acts of God are not covered under this guarantee.

All chairs in the 24-hour quick ship program can be shipped via UPS. Please note that although our shipment methods include UPS, your order will be shipped via the best determined method based on time and quantity.

Pricing includes dock delivery. Inside and lift-gate deliveries will incur additional charges.

# limited lifetime warranty

Eurotech assures total customer satisfaction.

Eurotech warrants to the original purchaser all components for the life of the product with the exception of upholstery and foam, which will be warranted for five years.

Eurotech warrants to the original purchaser with proof of purchase that all parts will be free from material defects. Eurotech will repair or replace, at its option, any unaltered components.

Customer's Own Material (C.O.M.) is not warranted.

Warranty is limited to normal usage, not exceeding forty hours per week and 250 lb. weight unless otherwise noted.

The warranty is limited to replacement or repair and does not cover the cost of transportation and labor.

- Arm pads are warranted for 2 years under normal wear and tear
- Cylinder is warranted for 5 years

There are no other warranties expressed or implied other than those specifically described.

Eurotech shall not be liable for consequential or incidental damages arising from any product defect.

All Eurotech chairs meet or exceed ANSI-BIFMA standards.
